DEATH OF A BONANZA OPERATOR.

Bodies of the Flood Victims Are Still Being Discovered.

ALL THE NEWS FROM NEARBY TOWNS

SPECIAL TELEGRAM TO THE DISPATCH.1 OIL CITY, October 14.-The death of James M. McCray, at his residence in Franklin, at 12:10 A. M., October 14, will bring to the minds of many of the old-timers of the oil regious the recollection of the palmy days of oildom, when money flowed like water and the bootblacks would go down in their clothes, flash their money and offer to bet you \$50 with the utmost nonchalance. Late in the 60's, about 1868-9. one of the largest wells of the district was struck on the McCray farm, owned by the McCray's production was netting him over \$4,000 per day. Great was the excitement that iollowed and fabulous amounts were offered for his farm or a lease for a part of it. Having enough ready money for his moderate wants he refused every offer and stored the bulk of his production in enormous iron tanks, declar-ing "he would hold it until it was worth \$10 a

ing "he would hold it until it was worth \$10 a barrel, until he had over 200,000 barrels stored in different sections of the country, where it stood unguarded and was the prey of every dishonest man in this section.

One party, consisting of three men, tapped his tanks in what is now known as the Third ward of Oil City, and stole over 20,000 barrels, amounting in value to the sum of at least \$100,000. Owing to the fact that they had substituted water for the oil the loss was not discovered for some time, when they were arrested. Notwithstanding the fact that their guilt was clearly proven, he allowed them to compromise by paying about a third of what the stolen oil was worth. After retusing several offers of \$5 per barrel for the balance, he finally sold it at a trifle over \$1 per barrel, taking in part payment therefor his present residence in Franklin.

Many interesting reminiscenses are ex-

conce in Franklin.

Many interesting reminiscenses are exchanged of his eccentricities. The following will illustrate the character of the man. Being in the county seat while the oil thieves were being tried, he stopped the well-known banker. Foster Mitchell, with the exclaimation: "I want to borrow a little money." "All right," says Mitchell, "you can have it if you have good security." "Security?" says James, "my name is Jim McCray and my farm is covered with oil." "All right, Mr. Cray, how much do you want," was the next answer. "Twenty-five thousand dellars," was the answer. So well known was he by reputation to the banker that the latter took him to his bank and gave him the amount in crisp greenbacks, only taking his note in hand for the same.

Noted far and near for his generosity and prodigality, it was no wonder that he was the prey of sharpers of every description, but such was his disposition up to the last that no man, worthy or unworthy, was allowed to go away with his wants unsatisfied. It was a standing saying in this section that when every other means was exhausted to secure a lease from the oid gentleman, it was only necessary to send some female sharp to him in the guise of a poor widow in distress, and with her tale of woe she would, by working on the oid man's sympathy, accomplish what the sharpest business man with plenty of money failed to do. With all his prodigality and benevolence be unlike the majority of old-time "highlyers," has kept his farm in tact owing to the greatness of his income and his almost inexhaustible wealth, and by the good management of his wife, who died a short time since.

ANOTHER OHIO SENSATION.

The Republican City Clerk of Youngstown Is About \$1,566 Short. PAPECIAL TELEGRAN TO THE DISPATCHA Youngstown, October 14.—A sensation was caused to-night by the Board of Revision, con-

caused to night by the Board of Revision, consisting of Mayor Montgomery, Solicitor Rose and President Nutt, reporting to City Council that they had made a partial examination of the accounts of City Clerk J. S. Roller, and found many irregularities, stating that, with-out authority, he had collected money for huckster permits and for laying sidewalks, and had failed to turn the funds over to the City Treasurer. The shortage thus far ascertained is \$1,500.

The committee also reported that he had been drinking to excess, and his promises of reform were speedily broken. Roller is a Republican, was elected last spring, and his bondsmen are Judge Louis M. ERIE'S GAS FIGHT.

The City Council Proposes to Tear Up the

Company's Pipes. SEPECIAL TELEGRAN TO THE DISPATCH. KRIE, October 14.-The gas war has assumed a phase which the people believe will bring the Pennsylvania Gas Company to time. To-night Conneil repealed the ordinance giving the com-pany the use of the streets, and directed the City Solicitor to enforce the ordinance. If carried out the Pennsylvania Company's lines will be torn up. It is said that the company has been advised by its counsel to allow the city officials to tear up its lines and then sue for damages. The Citizens' Committee is making a canvase of the city and the patrons of the gas company, with but few exceptions have signed a power of attorney ordering their gas connections taken out.

The bycott movement has been commended by all classes. The gas company expresses indifference, and threaten to turn their entire supply into Buffalo. The feeling is becoming intense, and trouble is auticipated. City Solicitor to enforce the ordinance. If

A FIREMAN SUSPENDED.

Lieutenant Acheson, of No. 7, Dropped for Drunkenness.

J. H. Acheson, Lieutenant of Engine Company No. 7, is under suspension for a hearing on charges of drunkenness. Last Friday evening Acheson was off duty, and during the evening became intoxicated. He met James McKee, a member of the Twelfth Ward School Board, and one of the oldest citizens of the ward. The men became in-volved in a heated discussion about Ache-son's sister, who had for several years been a teacher in the O'Hara school, but who had been dropped from the rolls. The argument became so excited that Acheson struck Me-Kee. The latter, notwithstanding his years, returned the blow, and followed it up by whipping Acheson. The latter got a monkey-wrench from the engine house and returned to renew the attack.

Coughing

IS Nature's effort to expel foreign substances from the bronchial passages. Frequently, this causes inflammation and the need of an anodyne. No other expectorant or anodyne is equal to Ayer's Cherry Pectoral. It assists Nature in ejecting the mucus, allays irritation, induces repose, and is the most popular of all cough cures.

"Of the many preparations before the public for the cure of colds, coughs, bronchitis, and kindred diseases, there is none, within the range of my experience, so reliable as Ayer's Cherry Pectoral. For years I was subject to colds, followed by terrible coughs. About four years ago, when so afflicted, I was advised to try Ayer's Cherry Pectoral and to lay all other remedies aside. I did so, and within a week was well of my so, and within a week was well of my cold and cough. Since then I have always kept this preparation in the house, and feel comparatively secure."

"A few years ago I took a severe cold "A few years ago I took a severe cold which affected my lungs. I had a terrible cough, and passed night after night without sleep. The doctors gave me up. I tried Ayer's Cherry Pectoral, which relieved my lungs, induced sleep, and afforded the rest necessary for the recovery of my strength. By the continual use of the Pectoral, a permanent cure was effected." "Horace Fairbrother, Rockingham Vt.

A prominent railroad coal operator said yesterday that, in addition to having to put up with the falling off in the year's business, as compared with that of last fall, he was obliged to suffer from the inability of the railroad to suffer from the railroad the railroad to haul his consignments. This gentleman said that the real truth of the matter about the coal freightage was that the roads were short of motive power. His firm had shipped fully 15,000 tons less than they had last year, and now all he could send forward to fill 3,000 tons of lake trans-portation was about 40 tons. The railroads distributed the cars to the shippers pro rata, and the case cited may be taken as an example of the present position of the rail-

NEW ADVERTISEMENTS.

TUESDAY, October 15.

Did it Ever Occur to You That a Large Percentage of the Male Population of Pittsburg Are "Walking Advertisements"

GUSKY'S?

YET SUCH IS THE CASE!

They are wearing Clothing bought of us. They are pleased with the fit and durability of goods purchased. They tell their friends and thus become "Walking Advertisements." It is the best and most profitable advertising we can secure. It pays better than newspaper space. Hence can you wonder that while we spend thousands of dollars with the publishers, we surrender tens of thousands to please our patrons by offering them goods at Special Sale from time to time and at prices which very little more than cover actual cost.

This Week We Propose to Secure Several Hundred New "Walking Advertisements" by Offering Special Values in

Men's Medium Weight Overcoats

there will be several hundred Overcoats, in all sizes, on which the trimmings and sewing are true; the materials durable; the makes stylish and you can take choice of colors, light, medium

you can come in our store and take away whatever pleases you the most from out of some five hundred Overcoats. Worsteds, Scotch Cheviots, plain and fancy Cassimeres, Mixtures, etc. Silk faced. They are the equal in every respect to what you'd pay \$12 to \$15 elsewhere.

OAO we offer choice of some six hundred Overcoats in fine Meltons, Kerseys, Wales, plain and fancy Worsteds, Diagonal Cheviots and other equally popular fabrics, and all cut and made

Are our prices for our very finest Overcoats, such as we propose to sell to gentlemen who have hitherto been accustomed to have their Overcoats made to order. Suppose a man pays \$40 for an Overcoat made by a merchant tailor, how much do you suppose he pays too much? About \$12! this being \$7 extra profit to the tailor and \$5 toward liquidating the accounts owing by those who NEVER PAY their tailors' bills. Thus it will be seen a man who pays his tailor is "gouged" in the most barefaced way. Come to us and we'll save you all this extra money, give you as good goods and guarantee satisfaction in every way.

Two-thirds of the Parents of This City Buy Their BOYS' CLOTHING
